

TIMOTHY B. THOMA

5061 Midfield Road • Cincinnati, Ohio 45244 • (513) 289-5817 •
tbthoma@hotmail.com

EXECUTIVE SUMMARY

Mr. Thoma has over 35+ years of experience in the remediation and construction industry. He began his career by serving in the United States Navy as Nuclear Machinist Mate. After an Honor Discharge, Mr. Thoma went to work in city government as Wastewater Treatment Plant Operator where he studied Waste Water Treatment plant design and operation. He earned his Ohio Class I, II, and III licenses. Mr. Thoma left city government work and went to work in the environmental remediation construction and operation field as laborer. He worked his way up through the field ranks in an open shop environment where he learned the skills of many craft trades. Mr. Thoma became the youngest Superintendent in the company. He went on to become construction and project manager over the next seven years with focus on troubled or difficult projects. At the age of 41, Mr. Thoma went to the University of Cincinnati and graduated Summa Cum Laude with BS Construction Management and AS Applied Science. During his college career, Mr. Thoma continued to work part-time as project manager and later as managing member of his company. Two years before graduation, Mr. Thoma accepted an opportunity as Manager Project Services where he led the estimating, scheduling, supply chain, and project controls departments for large environmental remediation firm. Upon acquisition of that firm by a larger firm, Mr. Thoma was named VP Preconstruction Services where he continued to lead those departments. Mr. Thoma currently serves as VP Construction Services where he is responsible for preconstruction and construction services across many sectors and clients.

CORE COMPETENCIES

Construction Management
Proposals
Technical Writing

Project Management
Supply Chain Management
Government Regulations

Estimating
Scheduling
Project Controls

KEY ACHIEVEMENTS

- Setup and developed Construction Services for new firm that previously offered engineering services. Established \$72M soft backlog in the first year for next two years.
- Manage project services staff of 60 persons in estimating, scheduling, procurement/Supply Chain Management, business analytics, and project controls for eight years for Fortune 100 firm.
- Lead proposal efforts and won many multi-million-dollar projects, which were executed and achieved targets.
- Manage preconstruction services organization P&L and Construction Remediation Group P&L for eight years.
- Provided CAPEX and operating budget planning and execution for each calendar year of operation.
- Developed processes and tools in estimating, scheduling, project controls, and business analytics to improve project delivery services and financial performance, which improved group financial performance overall.
- Provide contract review and risk mitigation strategies on all large projects to determine contingency amount and allocation to improve project cash flow.
- Estimated and scheduled projects from concept through completion ranging from \$50k to \$240M.
- Managed large industrial construction projects in excess of \$100 million and smaller projects valued up to \$7 million.
- Directed multiple construction superintendents and 150+ craft trade laborers; managed all aspects of client relations, engineering design and modifications, project schedule, cost analysis and tracking, work plan development, and project reporting.

- Developed or reviewed construction statements of work; worked with subcontract administration personnel to effectively solicit, negotiate, and contract services for the timely delivery of project.
- Provided management oversight on several superfund sites such as Baird & McGuire, Drake Chemical, Fernald, and others, which included cost/scheduling activities.
- Led productive staff, client relations, and government agency interface meetings to effectively work through project specific issues pertaining to each phase of project.
- Supported high profile clients, including: Department of Defense, United States Postal Service, United States Army Corp of Engineers, Department of Energy, and numerous commercial clients.
- Recognized for delivering projects without lost time or OSHA-recordable incidents.

PROFESSIONAL EXPERIENCE

PIONEER ENVIRONMENTAL & ENGINEERING, LLC Cincinnati, OH <i>VP Construction Services</i>	11/2018 – Present
WOOD, FORMALLY AMEC FOSTER WHEELER Inc. , Cincinnati, OH <i>VP Preconstruction Services</i>	10/2017 – 10/2018
AMEC ENVIRONMENT & INFRASTRUCTURE, INC. , Cincinnati, OH <i>Manager Project Services</i>	01/2011 – 10/2017
THOMA CONSULTING LLC , Cincinnati, OH <i>Managing Member, Construction & Process System Consulting</i>	10/2007 – 01/2011
SHAW ENVIRONMENTAL & INFRASTRUCTURE, INC. , Cincinnati, OH <i>Project Manager, Commercial Construction</i>	07/1989 – 09/2007

INDUSTRY EXPERIENCE

Automobile	Homeland Security	Power Generation
Chemical	Laboratory	Solid Waste
Construction	Manufacturing	Utilities
Environmental	Nuclear	Wastewater Treatment

MILITARY EXPERIENCE

US Navy, Norfolk, VA, 1982 – 1984
Nuclear Machinist Mate/Petty Officer - 3rd Class
Honorable Discharge

EDUCATION

UNIVERSITY OF CINCINNATI COLLEGE OF ENGINEERING AND APPLIED SCIENCE, Cincinnati, OH

Bachelor of Science in Construction Management: 2006 – 2013

Status: Graduated Summa Cum Laude with 3.94 GPA

Associates of Applied Science: 2006 - 2013

Status: Graduated Summa Cum Laude with 3.94 GPA

OHIO OPERATOR TRAINING COMMITTEE, Columbus, OH

Certificate in Special Studies: Wastewater Treatment, 1987

UNITED STATES NAVY, Great Lakes, IL

Certificate in Special Studies: Propulsion Engineering, 1983

Certificate in Special Studies: Machinist Mate "A" School, 1983

LICENSURE

Ohio Class III Wastewater Treatment License (Expired)

COMPUTER SKILLS

MS Windows 98/NT/XP/Vista/2007/2010/2013/Windows 8 & 10, Excel, Access, Word, PowerPoint, MS Project, Adobe Acrobat, Outlook, Primavera, On-screen Take-off, InEight HardDollar Estimating, and RSmeans Cost Works Estimating.
